Dear

I would like to invite you to our clinics for a demonstration of the Widex Passion™ hearing aids. Join us and see for yourself how these innovative hearing aids can help improve your quality of life.

PASSION™ - The world's smallest Receiver-In-Canal hearing aids

The ultimate in both performance and style, Passion™'s superior sound quality and unique design allows you to experience sounds in greater detail no matter where you are or what your listening environment may be.

Passion™ utilises Integrated Signal Processing™ (ISP™) technology, exclusive to Widex. This unique technology continuously controls and coordinates all functions in the hearing aid automatically in response to changes in your listening environment.

Passion™'s advanced technical components lie within a uniquely stylish and subtle housing and deliver sophisticated performance down to the finest details. It is available in 12 designer top shell colours with your choice of a platinum or 24 carat gold microphone grid.

My family's clinic has been proudly serving the hearing healthcare needs of the people of Calgary since 1990 and I have personally been involved in the hearing healthcare field for over 30 years. During that time I have dedicated myself to improving the quality of life for my clients. I invite you to visit our clinic to see how we might help resolve your unique hearing issue or answer any of your questions.

Sincerely,

Armand Roy
